

Dear Parent/Carer

### Year 11: Progress Review 1

Please find enclosed the first Year 11 Progress Review for your child. This report indicates your child's attitude to learning and expected target grade for each subject, which should enable you to monitor your child's progress over the final year of his/her GCSE study. This Progress Review should also help inform your child's priorities for their forthcoming Mock Exams (a copy of which is on the reverse of this letter) as s/he continues to prepare for GCSE success at the Academy and at home.

Further information and detailed explanations regarding this assessment report can be found on the back of the report which will provide greater detail and clarity.

An additional consideration is that students completing the new 'linear' GCSEs will not be awarded an A\*-G grade but a 9-1 'grade' instead. The diagram opposite shows a comparison between the legacy and linear GCSE grades.

In line with recent government policy, you should consider a level 5 in the linear GCSE as a 'strong pass'.

The grades for the separate sciences are awarded as a single GCSE grade for each individual subject (Biology, Chemistry and Physics) together counting as three GCSEs.

The 'Double Science' course is now called 'Combined Science: Trilogy' and is worth two GCSEs, e.g. 77, 76, 66. (A grade of 77 would mean a student had achieved a grade 7 in both exams.)

Further Progress Reviews will be published throughout Year 11. The Mock Exams will be published in our Mock Results Day which is on the 19<sup>th</sup> December. In addition, the Year 11 Parent Consultations are on 9 January and will offer you the opportunity to speak directly with your child's subject teachers in order to discuss the academic progress of your child and suitable post 16 pathways.

Please contact us at the Academy should you have any questions or if you want to discuss your child's report further.

Yours sincerely

Mr N Owen  
Senior Assistant Principal (KS4)

Mrs Hills  
Head of Year 11
