

Year 10 → Year 11

Task: to print off and complete the *fiche de travail* (worksheet) from **linguасcope** for the topic areas of ***Famille et amis*** and ***En ville***, to be handed to your French teacher in September.

www.linguасcope.com

User name: Longsands

Password: Languages

How to use Linguасcope:

- Click on Intermediate
- Click on the '***français***' star.
- Select the topic area
- Print the ***fiche de vocabulaire***.
- Explore the different games and activities
- Complete the ***fiche de travail***

Tips: You will find that there is an introduction role play. Start here. You can listen to the French and have French subtitles or click on the British flag for English subtitles. You might want to listen with English subtitles first and then listen again but have the French subtitles. You can control the speed of the audio by adjusting the playback speed in the bottom left. You also have the option of printing off the script.

There are several activities and games for you to practise the vocabulary and structures such as ***le pendu*** (hangman), ***jeu de mémoire*** (memory), ***roue de richesse*** (wheel of fortune). Spend time exploring the different activities and games before you complete the ***fiche de travail***.
